SPEAKER: MARIAN NORONHA

Marian is the founder and president of Turbocam International based in Barrington, NH, with operations in UK, India, Romania, and Netherlands. Turbocam makes critical parts of aircraft and rocket engines, turbocharger and industrial turbo machinery.

Marian left India at 23, studied aerodynamics at McGill University in Montreal. Then he moved Vermont 2 years later. He encountered the Lord at Dartmouth Christian Fellowship and met his wife Suzie at his Baptism. They moved to Madbury, NH to join a church plant at UNH.

In 1999 and 2000, Marian led a group of local pastors and redeemed 42 families out of slavery. Since then slavery has been abolished in Nepal, and he serves with many volunteers to run 6 schools, a clinic, build church buildings and equip churches in Nepal. He sees business as a vehicle for building God's Kingdom, and wants to see business leaders running their companies for Christ.

Marian and Suzie have 5 sons and 2 grandchildren.

God never comes to 2 people or 2 places in exactly the same way. God is an amazing God!
